# about

## Advocates for Children

Advocates for Children protects children, empowers youth, and uplifts families through a comprehensive continuum of care designed to prevent abuse, strengthen stability, and create pathways for long-term success.

We serve children, teens, and families across 11 counties in Northwest Georgia by providing advocacy, safe housing, and family support services that address both immediate needs and the root causes of instability.

### THE CRISIS IMPACTING CHILDREN

Children and youth in our community face urgent and interconnected challenges that threaten their safety, stability, and future:

- **Child Abuse:** Causes lasting trauma and disrupts healthy development.
- **Neglect:** Often driven by poverty and lack of resources, placing children at risk of entering foster care.
- **Youth Homelessness:** Leaves young people without stability, support, or a safe place to call home.

Together, these crises require a compassionate, coordinated response to protect children, strengthen families, and create pathways to stability and hope.

### ADVOCATES' RESPONSE TO THE CRISIS

Wrapping support around children and families to provide a safe home and prevent abuse builds resilient communities and ensures every child has the opportunity to thrive.

Last year, our programs made a meaningful impact:

**21,647** individuals supported through our comprehensive services

**667** children supported through the Family Resource Center to safely remain at home with their families

**192** foster youth supported by trained CASA volunteers

**674** caregivers supported through home visits and parenting education

**187** youth provided safe housing and independent living support

Empowering Youth.  
Uplifting Families.
